Bachelors in Information Management (2019 - 2023)  
Palm Beach State College

### PROJECTS

#### Coffee Delivery

Front-end developer

HTML | React.js | TypeScript | Styled-components

Responsive web app with three screens. Users can add fresh coffee orders to the cart, increment and decrement the quantity of each coffee type, and submit the form to see the order confirmation page.

#### To Do List

Front-end developer

HTML | CSS | React.js | TypeScript

A responsive task management application as a to-do list that lets users add new tasks, check tasks as complete or incomplete, remove items from the list, and view task completion progress.

#### Meow Memory Game

Front-end developer

HTML | CSS | JavaScript | SASS

a memory game built with Vanilla JavaScript. It has 18 cards and a 5-second display of all cards when the user selects the "play" button. The user has 20 chances to match all cards, and if they do, they win with a score of 9.
